

# SEPARATE PROPERLY!

How to create value from your waste.

## Bio bin

**Kitchen waste and food leftovers of vegetable and animal origin (raw and cooked):**

- Meat, fish, fruit and vegetables
- Bread and bakery products
- Coffee, tea, coffee and tea filters, coffee pods
- Garden waste (up to 1cm in diameter)\*.
- Cut flowers
- Newspaper and kitchen roll\*

## Residual waste bin

**Items that cannot be recycled, e.g.:**

- Hygiene articles (toothbrush, cotton swabs, diapers, tampons, sanitary napkins)
- Ash, sweepings, vacuum cleaner bags
- Dried emulsion paint
- Cat litter, small animal litter
- Halogen lamps
- Heat-resistant glass (drinking glass, glass jugs, casserole dishes, etc.)
- Baking paper, soiled papers (pizza boxes, handkerchiefs)
- Worn/damaged textiles and toys
- Cigarettes, cigarette ends

## Paper bin

**Paper and cardboard:**

- Newspapers, magazines, catalogs
- Books without cover
- Writing paper
- Envelopes (incl. windows)
- Clean packaging made of paper, cardboard or carton (folded)
- Paper bags
- Egg cartons, flour and sugar bags
- Pizza boxes without food waste

**Rinsing is not necessary!**

## Glass

**Container glass sorted by white/green/brown glass (glass of other colors belongs to green glass):**

- Disposable glass bottles
- Small cosmetic bottles etc. made of glass
- Packaging glass (e.g. from jam, mustard, pickles, sauces, etc.)

## Yellow bin

**Packaging made of plastic or metal:**

- Bottles (deposit free)
- Plastic cups and bowls (remove lids)
- Tetrapacks
- Cans, spray cans
- Aluminum and composite packaging (e.g. butter foil, medicine blisters, etc.)
- Plastic and metal tubes (e.g. mustard tubes or toothpaste)
- Styrofoam\*
- Plastic bags, bubble wrap
- Crown caps
- Aluminum, tin and plastic lids
- Metal foils (e.g. aluminum foil)
- Plastic or metal coffee capsules (empty)

**Rinsing is not necessary!**
